SECTION 4: HOURS OF WORK AND OVERTIME

A. Pay Period and Hours Worked

1. A pay period consists of fourteen consecutive days.

2. All hours worked will be paid as rounded to the nearest one tenth hour.

B. Work Day

1. In departments where deemed reasonable by the Hospital, a work day will
consist of eight hours work completed in eight and one-half consecutive
hours, including one thirty minute unpaid meal period. In addition to the
unpaid meal period, a paid rest period of fifteen minutes will be allowed for
nurses during each four hours of work.

2. In departments where deemed reasonable by the Hospital, a work day will
consist of twelve hours work completed in twelve and one-half consecutive
hours, including one thirty minute unpaid meal period. In addition to the

5. A nurse may work a split shift if mutually agreed to by the Hospital and the
nurse. A split shift is a shift during which, with prior approval of the

complete the assigned shift.

A nurse will not be required to work split weekends without prior

2. Except in the case of an emergency, overtime must be approved in advance by the nurse's immediate supervisor.

3. Time paid for sick leave, vacations, leaves of absence, and holidays will not be counted as hours worked in computing overtime.

4. The Hospital shall not schedule any nurse above her/his work agreement without the nurses’ consent. If out of the ordinary staffing insufficiencies arise, the Hospital and the Association shall develop a mutually agreeable plan to move forward and provide safe patient care. This article is not designed to be routinely used as a scheduling tool.

All work performed in excess of 14 consecutive hours in one work day will be compensated for at two (2) times the nurse’s regular hourly rate of pay. The work day as defined in this paragraph is a twenty-four hour period beginning at the start of the nurse’s regularly scheduled shift.

D. Time Recording

1. Nurses must use the time clock when reporting to and leaving work. A nurse who wishes to leave the premises for personal reasons including but not limited to meal periods, must notify the nurse’s immediate supervisor that the nurse is leaving and the reason for the nurse’s absence, and must clock out when the nurse leaves and clock in upon the nurse’s return.

2. If a time keeping error requires correction or the time recorded requires clarification, the nurse must take the punch exception to the nurse’s immediate supervisor or designee who shall approve and make the necessary correction or clarification, if justified, and date and initial the punch exception.

schedule after posting, it will be done with mutual agreement of the nurse. 
All exchanges will be entered into the computer via Meditech.

2. For all nurses working twelve hour shifts, the hospital shall schedule the 
shifts of such nurses so that they may have four out of six weekends off, 
unless the hospital is unable to make such weekends available because of 
sickness, vacations, leaves, or inadequate available staffing. For nurses 
working all other shifts, the hospital shall schedule the shifts of such 
nurses so that they may have three out of six weekends off, unless the 
hospital is unable to make such weekends available because of sickness, 
vacations, leaves, or inadequate available staffing. It is understood that 
the Hospital and a nurse may agree in writing to a schedule providing for 
work other than as provided in this subparagraph. The weekend schedule 
can have exception if mutually agreed to by the nurse and the hospital or 
stated in the work agreement.

An employee regularly scheduled to work weekends shall receive $4.00 per 
hour premium for all hours worked on a weekend shift after fulfilling all

Credit is granted for experience in full year increments only, as of the date of application. Credit is only granted for experience if there has been less than a 1 year break in nursing experience, as a longer break might reduce the level of his/her nursing skills. Recognition for previous experience is subject to confirmation through reference checks.

Credit will be given for up to 10 years of relevant experience as detailed below:

- Direct experience. New hires receive 1 year credit for each 1 full years’ experience. Direct experience is defined as experience in a similar or same unit as the position applied for. For example: ICU to ICU.

- Indirect experience. New hires receive 1 year credit for each 3 full years’ experience. Indirect experience is defined as experience in a dissimilar unit from the position being applied for. For example: Med Surg to ICU or Clinic to Med Surg.

2. For previous experience at Northern Montana Hospital after a break of service of less than one year from the last shift worked, the nurse shall return at one step less than she held prior to her break, until completion of her probation period per Section 23, 1; the nurse will then move up one step.

E. Scheduled On Call and Call Pay for departments utilizing scheduled call:

1. The Hospital shall post the "on call" schedule for a period of six (6) weeks, two (2) weeks prior to the first scheduled "on-call" day.

2. Nurses "on call" will be paid $2.45 for each hour "on call".

3. When a nurse "on call" reports to the Hospital for work, the nurse will be paid at the rate of one and one-half times the nurse’s straight time hourly rate of pay for all hours worked. The nurse will be paid for a minimum of two (2) hours when called in, regardless of the actual time worked.

F. Low Census on call. Refer to Section 19.

G. Other On Call

If the Hospital assigns on call status to nurses in a nursing area, the nurse will be paid $2.00 per hour for all hours on call. The nurse will be paid her regular base pay plus any applicable differential and will be paid for a minimum of two (2) hour when called in, regardless of the actual time worked.

H. Bonus Shift

The Hospital will pay full-time and part time nurses a premium or bonus of $4.00/hour for each hour worked in a bonus shift.

For Full-time nurses to qualify as a bonus shift, the shift must be: worked at the request of the Hospital; the fourth (4th) shift for 12 hour scheduled workers; the fifth (5th) shift for 10 hour scheduled workers; or the sixth (6th) shift for 8 hour scheduled workers in a work week. The nurse must work all regularly scheduled shifts in the week in addition to the bonus shift to receive extra shift bonus. A previously approved vacation day that was posted on the current work schedule
shall satisfy this requirement.

Casual nurses shall qualify for bonus shift pay after they have fulfilled their work agreement.

Regular part-time nurses shall qualify for bonus shift if they work greater than their work agreement.

It is the nurse’s responsibility to complete the punch exception during the applicable pay period.

The Administrative Supervisor or the staffing clerk may initiate and then the department director will approve and initial extra shift bonus each pay period.

The bonus shift will be considered as a shift separate and apart from the regularly scheduled work week. The bonus pay will not be affected if the required numbers of shifts are not worked due to a Hospital requested low census day off.

The bonus pay will not be compounded or pyramided for the purposes of computing overtime or other premium pay.

I. Flex Assignments

All nurses are required to float. A nurse who is assigned one hour or more of a shift to another Hospital department or Care Center wing, shall be paid an additional $1.50 per hour. Clinic nurses who assume a primary role for an alternate provider will be eligible for flex pay.

It is the nurse’s responsibility to complete the punch exception during the applicable pay period.

If a part-time nurse has a work agreement for casual or part-time in a second department, the flex benefit will not apply to either department.

If the parties wish to entertain the concept of primary and secondary flex nurse assignments, the Hospital and the Association will meet and confer and enter into a MOU if agreement is reached.

J. Certification Pay

Nurses who maintain nationally recognized clinical nursing certifications will be paid an additional two dollars ($2.00) per hour. In order to be eligible for certification pay the nurse must work in a clinical area that is appropriate for the certification. Nurses will not be paid for more than 1 applicable national certification.

The nurse is responsible to submit original certification card to Human Resources in order to receive certification pay. The Nurses’ certification pay will be paid on
the first full pay period after submission of appropriate paperwork.

K. Contract Negotiations

Each nurse who participates in contract negotiations shall receive lunches at the Hospital cafeteria each day of negotiations at no cost to the nurse. If a nurse chooses to, he/she may take unpaid leave hours up to a maximum of forty (40) hours for the purposes of contract negotiations.

2. For all holidays worked, all nurses will be paid time and one-half the nurse’s base rate of pay plus shift differential, if applicable, for all hours worked, and a full time nurse will also be paid holiday pay if the nurse qualifies under Section 7 B 3.

3. To receive holiday pay a full time nurse must have worked the last complete scheduled shift prior to and the next complete scheduled shift after such holiday, unless the absence is as a result of the Hospital’s request; or, the result of the emergency hospitalization of the nurse, the nurse’s spouse, children, parents or siblings for illness/accident or death on the qualifying day.

SECTION 24: MANAGEMENT RIGHTS

A. The Association recognizes that right of the Hospital to operate and manage the Hospital, including, but not limited to the right to require standards of performance and to maintain order and efficiency, to direct employees and to determine job assignments and working schedules, to determine the kind and location of facilities, to determine whether the whole or any part of the operation shall continue to operate, to select and hire employees, to promote and transfer employees, to discipline, demote or discharge employees for just cause, to lay off employees, and to promulgate rules, regulations and personnel policies, provided that such rights shall not be exercised so as to violate any of the specific provisions of this Agreement.

B. The parties recognize that the above statement of management responsibilities is for illustrative purposes only and should not be construed as restrictive or interpreted so as to exclude those prerogatives not mentioned which are inherent to the management functions. All matters not covered by the language of this Agreement shall be administered by the Hospital on a basis in accordance with such policies and procedures as it from time to time shall determine.

SECTION 25: SEPARABILITY

A. Every clause of the Agreement shall be deemed separable from every other clause of the Agreement and in the event that any clause or clauses shall be
finally determined to be in violation of any law by judgment or decree or any
court of competent jurisdiction, then any such clause or clauses only, to the
extent only that any may be in violation, shall be deemed unenforceable
without impairing the validity and enforceability of the rest of the Agreement.

Should any article or clause, or provision of this Agreement be declared illegal
by final judgment of a court of competent jurisdiction, such invalidation of such
article, clause or provision shall not invalidate the remaining portions hereof
and such remaining portions hereof shall remain in full force and effect for the
duration of this Agreement.

Any provision of this Agreement in conflict with any Federal or State law
presently in existence or becoming effective during the term of this Agreement,
shall be automatically superseded by the appropriate law.

Hospital and Association agree that should either be notified that any provisions
of this Agreement is in conflict with any State or Federal statute or void
because of Court Decree, that such will notify the other thereof and will meet
within thirty (30) days to negotiate an effectual understanding with respect
thereto. Provided always that the Association will not strike and Hospital
agrees not to implement lockout practices during such negotiations.

B. Captions, Titles, Paragraph Headings
Captions, Titles, and Paragraph Headings throughout this Agreement are for
convenience and reference only, and shall not be deemed or held to explain,
modify, amplify, or aid in the interpretation, construction, or meaning of the
provisions of this Agreement, not to define, limit, or describe the scope or
intent of any particular paragraph.

C. Completeness of Agreement
The parties acknowledge that during the negotiations which resulted in this
Agreement, each had the unlimited right and opportunity to make demands and
proposals with respect to any subject matter not removed by law from the area
of collective bargaining, and that the understandings and agreements arrived at
by the parties after the exercise of that right and opportunity are set forth in
their entirety in this Agreement. Therefore, the Hospital and the Association,
for the life of this Agreement, each voluntarily and unqualifiedly waive the right
and each agree that the other shall not be obligated to bargain collectively with
the other with respect to any subject or matter not specifically referred to or
covered by this Agreement, even though such subject or matter may not have
been within the knowledge or contemplation of either or both of the parties at
the time they negotiated or signed this Agreement.

D. Past Custom and Practice
It is mutually understood and agreed by the parties that the Hospital is not
obligated to continue past customs and practices which were in effect prior to the signing of this Agreement.

SECTION 26: NO STRIKE OR LOCK OUT

A. During the term of this Agreement, no nurse shall engage in and the Association, its officers, agents, representatives and members shall not directly or indirectly authorize, assist, encourage, participate in or sanction any strike, sit-down, sit-in, slow-down, cessation or stoppage or interruption of work, boycott or other interference with the operations of the Hospital or ratify, condone or lend support to any such conduct or action.

B. In addition to any other liability, remedy or right provided by law, if a strike, sit-down, sit-in, slow-down, cessation or stoppage or interruption of work, boycott or other interference with the operations of the Hospital occurs, the Association shall, within twenty-four hours of a request by the Hospital:

1. Publicly disavow such action by the nurses.

2. Notify the nurses of its disapproval of such action and advise the nurses to cease such action and return to work immediately

C. The Hospital will not lock out nurses during the terms of this Agreement.

B. Either party may terminate or reopen this Agreement for modification by serving written notice on the opposite party not less than ninety (90) or more than one hundred twenty (120) days prior to the expiration date or any anniversary of the expiration date thereafter.

C. Should no accord be reached by the parties by the expiration date, the entire Agreement shall expire on such date. The parties hereto by written agreement may extend said period for the purpose of reaching a new Agreement.

D. Service shall be deemed complete on the postmarked date of all notices submitted by mail or by E-Mail delivery receipt addressed to Vice President of Patient Care and Vice President of Human Resources hereunder.
